24 HOUR EMERGENCY SERVICES

We have done small oil tankers to fire damaged houses and we still get a blast from it.

STERLING FUELS

CHAR REMOVAL TORONTO

But it's always about the people
doing the work.
Our great crew!

Plus all sorts of projects from large Ontario Hydro equipment to a delicate restoration of a historic WW1 machine gun.

WE GO WHERE THEY GO

LORDLY JONES

GRAFFITI REMOVAL

24 HOUR EMERGENCY SERVICES

Graffiti is like a disease, once a surface is "tagged" more will follow and it spreads from door tags to brick and other difficulties.

Cleaning graffiti or egg splatter etc. off of stucco, old brick, delicate signs and other friable surfaces using the techniques of the Historic Facade Restoration Guild* is a skilled operation. Our crews have not only the techniques and training they have acquired from the workshops of the HFRG but they have the experience of just doing

this plus the advice of the chemists and other

experts at Dupont Paints etc.

To render signs and other expensive and difficult surfaces immune to the vicissitudes of vandals we also are skilled applicators of sacrificial clear anti-graffiti surfaces and blockers to help with keeping repair costs down and your property looking good.

Consultation and advice are provided to anyone dealing with graffiti with sometimes amazing results in abatement.

Finally a quick response in graffiti removal is the best weapon against this crime as the vandals usually see that their tagging is in vain and give up, hence our 24hr service..
